Health and Human Services Coordinating Council

Disaster Recovery Leadership Network

The mission of the Disaster Recovery Leadership Network is to ensure that **priority human services are made available to the public at the earliest opportunity** should a major disaster occur in Pinellas County.

Goals

1. Help ensure that health and human service organizations in Pinellas County **are optimally prepared** for any major disaster
2. Work with community partners to develop and implement plans that will ensure that Pinellas County residents have **access to health and human services** during long-term recovery from a major disaster
3. **Facilitate coordination and communication** amongst Network stakeholders during all phases of a disaster.

Disaster Recovery Services Coalition

The Disaster Recovery Services Coalition works in concert and provides recommendations to the Disaster Recovery Leadership Network. Three teams:

1. Child Care
2. Behavioral Health
3. Basic Needs

Membership Requirements

Disaster Recovery Leadership Network

Core members of the Disaster Recovery Leadership Network represent organizations that are generally county-wide in scope and either have clear emergency management functions or are a major funder of health and human service programs in Pinellas County.

Disaster Recovery Services Coalition

Membership to the Disaster Recovery Services Coalition is open to all health and human service providers in Pinellas County. All human service providers are encouraged to participate.
